

Dear Great Plate Participants –

It is unfortunate for us to announce that Marinitas will no longer be participating in the Great Plates program. Our last day of service is Friday May 7th, 2021

It has been a real honor getting to know each and every one of you through this great program and providing all of you with fabulous lusciousness. The past 8 months or so has been a real treat and we appreciate each of you.

Paige Blake from Marin Health Services will be reaching out to let everyone know their new food ordering options.

Thanks again for a fantastic 8 months.
